

Two-Tab Book

1. Make a *folded book* (p. 15) and cut up the *valley* of the inside fold toward the *mountain top*. This cut forms two large tabs that can be used for text and illustrations on the front and back.
2. The book can be expanded by making several of these folds and gluing them side by side.

Use this book for learning about two things. For example, use it for comparing and contrasting, determining cause and effect, finding similarities and differences, using Venn diagrams, and so on.
